## Do you have a few great Speaker Tips?

As a speaker's bureau, we make sure our speakers know the fine details that make a great orator and presenter. We also love to pass on great speaker tips and meet other experts in the field.

Speakers today have to deal with AV equipment, Slideshare presentations, have a wide range of topic and they also have to become familiar with Excel, social media and YouTube. Whew! And that's just the details...

Send us your super speaker tips: just 3 to 5 tips on what you think make a great speaker. You can be a professional speaker, a meeting planner who hires speakers, or even an enthusiastic person who loves a great speech.

No speaker tips are off limits. Examples:

- What makes a great speaker?
- Tips on how to write a good speech.
- Let us know what or who inspires you.
- Speaker's bureaus.

Email your 3 to 5 Speaker Tips. By using this special email address, you agree to let us quote you.

If your speaker tips are used, you will be mentioned and we will include an outbound link of your choice: Website/Twitter/Vimeo/About.me. (No Facebook Pages or Email links.)

If you are part of group who gives us the same tip we may list you as a group as well as mention you and include an outbound link.

Thank you for sharing. We look forward to hearing some great speaker information from you!
